JTL Wawi

POS register system

PLANPRO ®
SAAS DATACENTER GmbH

We connect you to the future!

Offer for LS One register software

Our offer provides an intuitive user interface and an online as well as an offline high performance register solution for every type of commercial and service company.

We render the following services:
The input of CSV files, basic installation of core data and firm information, register as well as receipt layout and an one-hour online orientation through TeamViewer. In order to successfully implement this, we require from you the core data (customer data, product data, etc.) populated in prepackaged CSV/Excel documents and firm logo as well as firm data such as VAT ID, tax ID, address data, etc. If available, previous register layout, receipt design, as well as compatible hardware (also acquirable through the PLAN PRO SAAS Datacenter GmbH if necessary) We offer this initial configuration to you starting

from **750,- €** (subject to VAT)
